PARTY PREPARATION

HOW TO KILL THE NIGHT AND END UP WITH A HOT BED COMPANION

By John Enar Karlsson /JOHN_SWEDISH@YAHOO.COM

For a successful party night you need the right preparation – both mental and physical. Here we list down some top tips to make your night a success.

>>**01.** You don't have to be a model to have a good time, but you can make your best to look good – nice cloth, hot sun tan, cool hair cut and a sweet fragrance will all strengthen anyone's self-confidence.

>>**02.** Underwear, enter the party scene with a pair of new underwear will boost your confidence and if you hit the jackpot you will be able to show them off at the end of the night.

>>**03.** Condoms is part of anyone's party gear - both boys and girls. And Viagra – if you feel you need it, that's not cheating, it's just playing it smart. To get a reputation to be able to last a whole night will spread like fire...

>>**04.** Select your party friends with care. He/She should not be hotter, funnier and more self-confident than you. Else you will end up with the ugly friend that no one wants.

>>**05.** Take it easy with the alcohol. Drunken asses don't pass the finish line; you have to be able to last the whole night.

>>**06.** Don't eat food that will stuck with you the whole night like chili or garlic, freshness is the key.

>>**07.** Repeat this (20) twenty times. "Girls want to have sex as much as guys". / SLITZ

MABEL'S CLOSET

Women Fantasies

Are you curious of women's fantasies? Let me just remind you that women are emotional in nature and our sexual drive is trigger when we are being pampered.This is something men should know so that they will have their own satisfaction and fulfillment of their "fantasies" too.

By Mabel

Fantasy is the free play of creative imagination and a fanciful design according to Mirriam-Webster Dictionary.While others might define FANTASY as luscious needs in our hedonistic world and it is very momentarily. Sometimes, just the word FANTASY arouses the mind and body of beings.

Now here are most of the answers I got from my girl friends and online chicas when I asked them about their fantasies:

1.Cruise around the world with the man she loves.

2. A lifetime shopping spree.

3. A rich, intelligent, generous, hot and almost perfect boyfriend

4. A beach glass house where there would be a SPA in the corner.

5. To be famous that every girl will copy her style.

6. V.I.P Passes to all High Class Clubs and Bars

7. A date on a yatch with flowers everywhere and end up in a deserted island resort.

8. To be the president

9. To live in prosperity and fidelity with her mr. right.

10. To have a partner who can be a good provider and give her a stable future.

So these are the fantasies of women that a man should know before thinking of his fantasy.If you did think that sex on the plane is included on that list then you're wrong,first you have to buy the tickets for two, to tour around the world then maybe a sex on the plane in every position would be a nice gift for your love and affection.Women don't just get turned on by an average stranger, that stranger must be a real catch, would discourse intellectually and has a sense of humor.

"Fantasy is a disillusionment that can only be contained inside the vestibules of something very ordinary, something very momentary, andmonetary. The more money you have, the sicker your fantasy is, because themore your fantasies are pleased, the more you want to be freed from the ideaof having an infinite number of fantasies. And money buys a lot of people,it makes them do anything you want them to do." .-Marissa Blood - from a woman's point of view. /**slitz**

We love technology but iPhone has taken that love to an entirely new level. The latest, greatest app for the phone is called Fake Calls and guarantees your graceful exit from a bad date or boring business meeting.

Available from iTunes App Store, Fake Calls lets you input a time for you to receive a call on your phone. It's from yourself, of course, so you'll have to fake that it's an emergency from Aunt Rose or your best friend and then take it somewhere else. When you're finished, you can explain that you need to go take care of something right now. /**slitz**

NEXT-GENERATION - INTEL PC PROCESSORS

By John Enar Karlsson /JOHN_SWEDISH@YAHOO.COM

Intel Corporation's desktop processors based on the company's upcoming new microarchitecture (codenamed "Nehalem") will be formally branded "Intel® Core™ processor." The first products in this new family of processors, including an "Extreme Edition" version, will carry an "i7" identifier and will be formally branded as "Intel® Core™ i7 processor." This is the first of several new identifiers to come as different products launch over the year 2009.

Products based on the new microarchitecture will deliver high performance and energy efficiency. This "best of both worlds" approach is expected to extend Intel's processor leadership in future mobile, desktop and server market segments.

The Intel Core processor brand name has gained broad awareness, preference, and market momentum over the past several years. The Intel Core name remains the logical choice for Intel's latest family of processors. The Intel Core i7 processor brand logo will be available for high-performance desktop PCs with a separate black logo for Intel's highest-end "Extreme Edition." Intel will include processor model numbers to differentiate each chip.

Initial products based on this microarchitecture are expected to be in production in the fourth quarter of this year. These processors will feature Intel® Hyper-Threading Technology, also known as simultaneous multi-threading, and are capable of handling eight software "threads" on four processor cores. /**slitz**

CAYMAN ISLANDS /

- REMAINS STRONGER THAN MOST FINANCIAL CENTRES WORLDWIDE.

By John Enar Karlsson /JOHN_SWEDISH@YAHOO.COM

The Cayman Islands Financial Services Association (CIFSA) once again demonstrate to the world that compliance with international regulations and standards in Cayman remains stronger than most financial centres worldwide.

"This is hardly the first such review that Cayman has gone through" says CIFSA Director Jeremy Smith. "And each time the conclusions reached are the same – that Cayman is a very professional and well regulated jurisdiction that adheres to international standards as well or better than the most respected financial centres. As long as this review is conducted in good faith, without a politically pre-determined outcome, we are extremely confident that this review will reach similar conclusions."

An independent report recently published by the US Government Accounting Office (GAO) supports this position. As do other important, and independent, rankings and measurements of financial centres such as the Financial Action Task Force (FATF) and Global Financial Centres Index (GFCI). In terms of transparency and cooperativeness the US GAO report said ""U.S. officials from multiple agencies said that the Cayman Islands government has been cooperative in responding to U.S. requests and shared useful information at their initiative related to questionable financial activities that involve U.S. connections." Rankings from the FATF show that the Cayman Islands significantly outperform jurisdictions like the U.S., Canada, Australia, Singapore, and Switzerland in adherence to internationally agreed anti-money laundering standards. Yet these facts rarely get much coverage.

"The Cayman Islands is constantly being asked to prove itself in terms of professionalism and ethics in ways that other financial centres are not." says CIFSA Chairman Eduardo D'Angelo P. Silva "And many of those other jurisdictions could not stand up to the kind of scrutiny we routinely deal with here. We are far from the secretive enclave that some try to label us. We have always encouraged foreign press and legislators to visit us and experience what Cayman is all about. And without fail they come away impressed and with a completely different perspective on our industry."

The Cayman Islands financial industry plays an important role in the world's finances, providing services and products that help residents on-shore in ways that many are not even aware of. The current financial crisis has its roots firmly on-shore, but the Cayman Islands will prove a valuable ally in the fight to solve this crisis.

PARTNERUP IS A FREE WEB SITE THAT HELPS ENTREPRENEURS WWW.PARTNERUP.COM

By John Enar Karlsson /JOHN_SWEDISH@YAHOO.COM

PartnerUp is a free web site that helps entrepreneurs and those interested in starting a business find business partners, advisors, board members, executives, and skilled professionals (such as engineers). On the other side of the coin, PartnerUp helps people who are interested in getting involved in a business, but don't have a specific business idea, find opportunities to get involved in the above capacities.

The underlying premise of PartnerUp is that entrepreneurs, people interested in starting a business, and existing companies post a basic overview of their idea or company along with a description of exactly what they're looking for in a candidate. People who are interested in finding opportunities to get involved can then use PartnerUp's powerful search functionality to search for opportunities to get involved based on opportunity type (co-founder/partner, board member, executive, etc.), required functional and industry experience, location, and desired compensation (cash, equity, etc.).

"Entrepreneurs generally have very specific skill sets that they're looking for in a partner," said Steve Nielsen, President and CEO of PartnerUp. "For example, an entrepreneur with an idea for a new consumer electronic device would likely need an electrical engineer.

PartnerUp attracts a broad audience that includes technology and medical entrepreneurs, baby boomers and retirees who are interested in sharing their experience, students and recent graduates who are looking for experienced partners or advisors, and skilled professionals, such as accountants, marketing professionals, and engineers.

In addition to its core functionality, the site also offers a number of ways for users to network and interact with other members, including the ability to ask questions and get advice from other users who have specific functional or industry experience.

TEE NGUYEN

interview_SHALINA SILVA ★ photography_DAVID BOURNE ★ graphics/layout_JOHN ENAR KARLSSON

WHAT IS IT YOU ARE DOING? For income status, I do modeling and a lot of booty shaking!!!!!

TELL US A LITTLE BIT ABOUT YOUR BACKGROUND? As for modeling, I am fairly new and I am still learning the aspects of it. However, in the gogo-industry, I hold a nice sized title. Not to be bragging or anything, but I've won several Booty-Shaking Contests, and came in second at numerous Hot Import Nights Event and not to mention all the clubs that has had the pleasure to see the BubbleButt work.

WHAT ARE YOU DOING AT THE MOMENT? At the moment, I am doing what I have been doing. Sorting out work from Myspace and figuring out which features to do and what photographers to work with. It's a constant work at hand, BUT someone's got to do it!!

WHATS YOUR BIGGEST ACHIEVEMENT? Biggest achievement is KNOWING I can do anything with just enough sweat and just the right amount of teeze.

HOW DO YOU KEEP YOURSELF MOTIVATED AND INTERESTED? I would definitely have to say, all my motivation comes from my fans. All the love, all their messages they send me makes me just wanna keep going and going and going..

WHAT ARE YOUR PLANS FOR THE FUTURE? Gosh, there are so much I would love to do. I would like to take over the world but that's just something that would have to wait. However, for more realistic goals, I would like to eventually write a book, be an entrepeneur, have my own clothing line, and lastly, live happily ever after!

> > LIFESTYLE

WHAT'S YOUR RING TONE RIGHT NOW? I live in a world where cellphones and/or ringtones DO NOT exist. And, I couldn't be happier.

SNEAKERS OR STILETTOS? How about sneakers AND stilettos?!? I'm not bragging or anything, not only can I downshift and double-clutch in a damin' pair of stilettos, but I can also do a mean ass strut with the Chucka's while cleaning a dirty bathroom; truth be told.

HOW WOULD YOU DESCRIBE YOUR LIFESTYLE? Everyone takes one look at me and expects me to be wild and insane. They assume I party hard with the wildest of people and that I live the nights going crazy at all the hottest spots with all the hottest, craziest of people. And, don't get things twisted; when I party, I KNOW how to party. But, the truth is, I prefer being at home shooting up my Halo and updating my Myspace. Major geek, I know.

DO YOU LEAD AN EXTREME LIFESTYLE? Extreme? Yea, I am an EXTREME NERD. That's as extreme as it gets for me. I love my life way too much to do ANYTHING extreme. Thank YOU very much!

EARLY BIRD OR NIGHT OWL? Early bird AND night owl. I sleep late and wake up early. Sometimes, I don't sleep at all. Sometimes, I sleep all night. And, other times, I sleep all day.

BEST PARTY PLACE? The BEST parties of all places would be the PLACES I plan on PARTYING that night!!! Just because I don't party often, and I refuse to drink or do drugs does NOT mean I don't know how to get the party started and keep it going until the roof falls off this mother!

FAVORITE TRAVELING DESTINATION? Every place can be a favorite if you travel to your destination with all the greatest people. I've traveled near and far, but as long as I have my love ones to make the traveling grand, then the destination is absolutely perfect!

WHAT'S ALWAYS IN YOUR PURSE? Always, always, always, and forever, you will ALWAYS find my Side-Kick 3 with me. I am attach to that device in more ways than one.

WHAT TYPE OF NIGHTLIFE DO I GO FOR? The type of nightlife that isn't consist of the dumb idiots

I LOVE TO ROLL

who bombard you with the lamest come-ons. The kind of nightlife that is consist with all sorts of people who isn't bothered by seeing another human that is different from themselves. The kind of nightlife that can rock the dancefloor and fights aren't included. The type where everyone can get along and we don't need to include the bitter eye rolls and the constant snickering or the sucking of the teeth. The perfect nightlife for me is when everyone is having a damning good time and doesn't give a flying fuck what anyone else thinks...

WHAT IS THE MOST EXTREME THING YOU'VE EVER DONE? The most extreme thing I've ever done? Hmmm. If you decide to read my story at Myspace.Com/MudderFukkenTeeze, you will find my life hasn't always been pleasant and it was one trial after another. So, living this life, I rather live it DOWN than trying to extreme it UP.

YOUR FAVORITE WEBSITES? MYSPACE.COM/MUDDERFUKKENTEEZE. Need I say more?

WHAT DO YOU DO TO RELAX OR TO HAVE FUN? You can always catch me on the highway doing some illegal traffic racing. And, when I am not risking the lives of mine or others, you can catch me doing some crucial damage to my credit with the bad habits of shopping. And, I got the closet to prove it! Aside shopping, the other ladylike things I love to do is get prettified. Everything from fake lashes to big curls; from glittery eyes to shiny lipgloss: from pink hair to pink blush, I love it all! And, I must add to this list, I would have to brag my love of cooking and cleaning.

> > SEX

WHAT IS YOUR IDEAL FIRST DATE? My ideal first date is the kind of date that will not EVER end. Doesn't matter what we doing or where we're going; as long the butterflies and the tingly feelings doesn't end. That would THE perfect ideal date.

WHAT IS YOUR FAVORITE PART OF YOUR BODY? Well, my nickname is BubbleButt so the typical answer would be me Bubbly. But, I'd have to say, there are way too many favortie parts revving on this body to

just name only one.

WHERE IS THE WILDEST PLACE YOU HAVE EVER HAD SEX? Where HAVEN'T I had sex is more likely the question. HAH!

WHICH THREE WORDS SUM YOU UP THE BEST? Mudder. Fukken. Teeze. Enough said...

HAVE YOU EVER KISSED A GIRL? Hmmm..Wouldn't you like to know...

HOW CAN A GUY CATCH YOUR ATTENTION IN THE CLUBS? Well, for beginners, I don't go "hunting" at the clubs. However, to catch my eye, regardless where we are, a man with a beautiful set of lips, a damning set of eyes, rocking some slamming set of kicks would make me stutter just ever so slightly.

IF YOU LIKE A GUY DO YOU EVER MAKE THE FIRST MOVE? I try to see if he will try to ask me out, but if he's taking forever to come around. I usually will be the first to make a move. Haha!

THEY SAY BAD GIRLS GET MORE FUN THAN NICE GIRLS? Hmmmm, I say BAD girls can be NICE. And, NICE girls can be BAD. So, ALL GIRLS CAN BE FUN IN MORE WAYS THAN ONE!

HOW CAN A GUY CATCH YOUR ATTENTION IN CLUBS? Come up and talk to me! Don't be afraid! I love a man with confidence!

WHAT IS THE BEST THING ABOUT GOING OUT WITH YOU? Do I even have to lay it out for you? How many ladies do you know of that can race her ass off, cook her ass off, clean her ass off, play games her ass off, and not to mention isn't too shabby to look at???

HAVE YOU HAD GROUPIES/STALKERS? Of course. If it wasn't for the stalkers or the groupies, I wouldn't be where I am. So groupies, keep grouping. And, stalkers, keep stalking..

SHOUTOUTS: I have to give ALL my thanks to my fans for laughing with me, for crying with me, for believing in me, for EVERYTHING. I have to say thanks to David Bourne for taking my first photos and letting the model come out of me. And, I have to thank Tom of Myspace for being ever so genius to come up with Myspace. YOU FUCKING ROCK!!!! And, lastly all my love ones who keep me sane when all my insanity was gone. I LOVE YOU ALL!!! And, of course, SLITZ, THANK YOU FOR HAVING ME!!!! YOU ROCK OFF!!!!! ./**slitz**

JULIAN GARCIA

interview_JOHN ENAR KARLSSON ★ photography_JULIAN GARCIA ★ graphics/layout_JOHN ENAR KARLSSON

WHO ARE YOU? I am "The Great Julian Garcia aka Cover Shot Images"!

HOW DID YOU GET STARTED WITH PHOTOGRAPHY AND WHAT INSPIRED YOU TO FOLLOW THE PATH YOU ARE ON NOW? I picked my first camera when I was in middle school and took it as a class. I guess I couldn't stand the whole processing of film and how long it took to develop images. I'm a pretty impatient person so I ended up ditching that whole idea of doing it more when I was younger. Fast forward to my early 30's and BAM! Digital photography is the way to go! I shot landscapes when I first picked up a Nikon D70 and that was cool and all but got boring. I like to interact with people so it wasn't until I shot with a guy named Steve Sexton (a great photographer I might add...) that I got into glamour. Having to see other inspirational work from great photographers like Rolando Gomez and Helmut Newton. Today's photographers like, Nick Saglimbeni (The Show Magazine), Shamayim, Michael Vincent (Skinny Magazine), Rich Cutrone, Johnny Crosslin, are all my inspirations!

YOUR BIGGEST GIG SO FAR? Every gig is considered "Big". I never take my work lightly because it just takes 1 bad shoot to screw up your reputation as a good photographer. Word of mouth travels fast so whether its just doing headshots or a full on, all day glamour shoot, everything is considered high priority. In the big scheme of things, the people I shoot are my clients but also end up being really good acquaintances and ultimately my business partners because they are the ones that are putting my name out there.

WHAT DOES A GIRL HAVE TO HAVE TO INSPIRE YOU? They have to have all major body parts intact for starters. lol. I imagine shooting a model and someone looking at it and saying, "WHOA! Where did she come from??" In order to get that reaction, they have to have a unique look. That's what's inspiring about what I do - capturing something nobody has ever seen before. Snapping that hidden gem nobody's seen in a different light.

HOW DO YOU CHOOSE THE GIRLS YOU WORK WITH? Its either on websites, at clubs, walking down the street and spotting that "unique" look. I connect with them through the phone or in person. I have to do this in order to gauge chemistry. If we click, its a done deal.

WHAT'S YOUR SECRET TO MAKE YOUR MODELS FEEL COMFORTABLE TO GET NAKED? There is no secret. A requirement of mine is to feel comfortable with yourself. A model isn't ready if she doesn't have that comfortability factor. If she's not comfortable walking around naked or half naked, she's got no business being a model. They have to be comfortable with themselves and their body.

IS THERE LOTS OF INDECENT PROPOSALS IN THE INDUSTRY? Is that a trick question(haha!)?? yes. *blushes*

WOULD YOU DO PORNOGRAPHIC PHOTOGRAPHY FOR A GOOD AMOUNT OF MONEY? lol. The question is, who wouldn't?

WHAT'S YOUR FAVOURITE STYLE OF PHOTOSHOOT? The photoshoot that goes well with no hiccups.

WHAT IS THE BIGGEST LESSON YOU TOOK AWAY FROM YOUR EXPERIENCE IN PHOTOGRAPHY? You have to be flexible and adapt to your surroundings. Sometimes a models (almost all the time) models show up late or unprepared. Sometimes you break a light or the weather changes. You have to be ready for all these possibilities. Expect the unexpected. Which goes back to question 10 - I love those shoots that start on time and no screw ups. Its like, "Hell yah!!".

WHAT SORT OF EQUIPMENT AND SOFTWARE DO YOU USE? Canon 1Ds + 24-70 F2.8 L lens (thanks Sam!), Mac Powerbook G4 and Adobe CS2.

DID IT TOOK YOU LONG TO START USING DIGITAL PHOTOGRAPHY? Not really. Almost all the photographers I've come across has said something similiar to "You have the natural eye" for this sort of thing. I guess I found my calling?

WHAT IS YOUR OPINION ON POST-PROCESSING, ESPECIALLY ENHANCING PICTURES? Thank good-ness for Photoshop! Sometimes you snap off shots and you're totally under exposing images and didn't realize it til' the very end. Post processing totally helps perfecting the images whether its a photography thing or a cosmetic thing with the models. I'm sure the models appreciate it more having to smooth them out if they don't have a really good MUA. Post Processing has totally changed the way photography is done. You can enhance the intensity of sunsets, remove blemishes, remove grains from that high ISO setting. I guess you don't have to be a kick butt photographer if you're an expert at photoshop. Photo manipulation has taken away the importance of knowing how to work your camera because everything can be adjusted after.

WHAT ADVICE DO YOU HAVE FOR INDIVIDUALS INTERESTED IN PURSUING A CAREER IN PLAYBOY STYLE PHOTOGRAPHY? If you're a guy, keep it in your pants and bring a towel. You'll most likely drool on your first shoot. lol.

ANY NEW PROJECTS OR PLANS WE SHOULD ANTICIPATE? I'm working on a couple of themes right now, Black and Bling, Goth/Glam/G-Strings and another called Stripped.

YOUR BEST PHOTOGRAPHY WEBSITES? ModelMayhem of course!

I'M SURE YOU GET LOTS OF PARTY INVITES; SO WHAT TYPE OF CLUBS AND EVENTS DO YOU GO TO? Anything that will enhance my networking and exposure to the photography community. Clubs are a good source of networking or sourcing models for practice shoots but nothing that will make money. Most women at clubs just dont' have the money to pay for a real shoot so be prepared to get turned down a lot if you're asking to get paid.

ENZO LUNA FLAUNTING IT

interview_MYCA SANTOS ★ photography_NIXZER MOYA (ATHENA, FRANCIS AND MYCA) ★
models_ ATHENA BUENAVENTURA, LYRECH FERROLINO, FRANCIS IBARRETA AND MYCA SANTOS ★
mua and Stylist_ JULIUS RODEL MORRIS (ATHENA, FRANCIS AND MYCA)

When you initially look at Enzo Luna, he looks very simple, no qualms but then has a lot of passion in his eyes for what he is doing. Just like t he first time I had a meeting with him, You would think that a man who has his own brand to jeans would be the boastful type and somewhat full of himself. But in reality, Enzo is no where near that description. A new found entrepreneur at 36 and currently a vocalist for a new wave band CAFFEINE, he has lived 30 years of his life in Bulacan and inspired to become the next big name in the fashion industry being influenced with one of the local designers Ino Caluza of VIKTOR JEANS, Enzo told himself that he would make it big someday.

In mid 2008, Enzo started of his own line of jeans initially for the men's market but has now extended his line towards women as well, initially his brand is available online but he also aspires that one day he can penetrate the market through retail outlets.

HOW DID YOU GET STARTED WITH CLOTHING AND WHAT INSPIRED YOU TO FOLLOW THE PATH YOU ARE ON NOW? Actually, I really wanted some business that will really make a mark everywhere, where everyone would remember me also. I conceptualize the jeans and for the brand name, I chose my name. Also to signify my clear intention that I really mean business.

I was inspired by different names in the business and fashion industry as well. Calvin Klein is my biggest inspiration for fashion.

WHAT WERE THE THREE BIGGEST CHALLENGES WHEN YOU WERE STARTING OFF AS A NEW ENTREPRENEUR? I guess one of the biggest challenges of an entrepreneur, as always, was the financing of capitalizing and revolving funds of a business. The next two challenges was marketability and sales performance of the product.

WHAT IS THE BEST PART OF BEING AN ENTREPRENEUR FOR YOU? I guess it's the fact that I can run and manage my own business. Being an entrepreneur allows you to enjoy some free time.

WHEN DID YOU REALIZE YOU WERE AN ENTREPRENEUR? WAS IT SOMETHING YOU KNEW FROM THE VERY FIRST BUSINESS OR SOMETHING YOU BECAME AWARE OF LATER? Since I was young, I was already involved in different sales and business trades. I have been thru different business ventures. I'm really searching for the perfect business that, not only will excite me, but will also make me feel proud of.

IS THERE ANYONE THAT YOU LOOK UP TO AND MODEL YOURSELF ON? Actually there are a lot. Henry Ford, Donald Trump, Bill Gates, Lucio Tan, John Gokongwei, Henry Sy. I also looked up to younger generations of successful businessmen.

WHAT IS THE BEST ADVICE YOU HAVE EVER BEEN GIVEN? Maybe it's the saying "Patience is a virtue" and just keep on trying. Even if for a hundreds or a thousands of time, you should never quit. You'll never know when success will knock on your door.

HAVE YOU ANY PLANS (PERSONAL OR BUSINESS) THAT YOU CAN SHARE WITH US ABOUT YOUR FUTURE PLANS / GOALS / LIFETIME GOALS? Yah I do have plans of expanding my jeans line to apparel (with t-shirts, jackets, short pants, bags, belts and accessories) I really wanted the Enzo Luna Jeans become a household brand name.

HOW DO YOU GO ABOUT MARKETING YOUR BUSINESS? WHAT HAS BEEN YOUR MOST SUCCESSFUL FORM OF MARKETING? I guess it's the social networking side that boosts the marketing of my business. Websites and links also help a lot. In fact, I do have my own paid website (http://www.enzoluna.com). Generally, the "word-of-mouth" marketing strategy works well for my jeans also.

WHERE YOU SEE YOURSELF AND YOUR BUSINESS IN 5 YEARS? 10 YEARS? 5 years, I have already expanded my line. 10 years? A multi-millionaire! Ha ha ha!

“

I really wanted some business that will really make a mark everywhere, where everyone would remember me also. I conceptualize the jeans and for the brand name, I chose my name. Also to signify my clear intention that I really mean business.

Well, I'm looking forward to a 1 to 2 years vision. The first year will be Enzo Luna Jeans would be known throughout the country and on the second year, business would be stable.

ANY ADVICE FOR PEOPLE WHO DREAM TO HAVE THEIR OWN BUSINESS AND YET FIND IT HARD TO MAKE THE LEAP? "Guts, patience, and never give up" are basically what they must have. And the most important of all is passion, no one can break a good man down if he has passion in his heart.

Enzo Luna Jeans can be ordered online thru www.enzolunajeans.multiply.com or visit the official website at www.enzoluna.com

"In mid 2008, Enzo started of his own line of jeans initially for the men's market but has now extended his line towards women as well, initially his brand is available online but he also aspires that one day he can penetrate the market through retail outlets.

Introducing the breathtaking XK and XKR, Jaguar's latest, most muscled athletes. Shouldered and powerful as always, but sleeker now with aluminum bodyshell drawn taut across the chassis, these dramatic sports machines are purposefully trimmed and tuned for heart-pounding performance. Exhaust song, power, control and comfort await notice with bold assurance. Inside or out, coupe or convertible, there's not an ounce of excess. But there is anticipation...because on the road, the XK commands.

FOR THE BOLD. In coupe or roadster attire, the XKs are stunning. Under the hood is Jaguar's latest 4.2-liter, 32-valve, 4-cam aluminum AJ-V8, with cam phasing to stoke response at all speeds. In the XKR, an Eaton supercharger is added, ramping horsepower to 420 and propelling the Coupe from 0-60 in 4.9 seconds. The engine defines power, just as the silky 6-speed ZF sequential-shift transmission—it allows gear changes via steering wheel-mounted paddles—characterizes control.

HELP YOU DRIVE SAFELY. Safety in the XK may be less apparent than the car's performance, but it is there, readily helping the driver. Performance-rated 4-wheel ventilated anti-lock disc brakes—with oversized discs in the XKR—are sized to match engine power. In demanding conditions, TracDSC electronically uses the anti-lock braking and traction control systems to improve directional stability when cornering. Individual tire pressure is continuously monitored. Adaptive Restraint Technology deploys front airbags according to passenger weight, and crash severity, while side airbags help protect front occupants in certain side collisions. And for the convertible, sensors deploy high-strength aluminum hoops in case of rollover, creating a shield zone to help protect passengers.

LOOK FAST EVEN WHEN STANDING STILL. Flowing lines, echoed lineage, distinctive design touches, all sculpted in lightweight aluminum—an amalgam of power, dramatic styling, relevant technology and pure luxury. With the XK and XKR, everything is where it should be and feels exactly as it should feel. For drivers with a frank urge to fly, these are the perfect cars.

AN ARTISAN'S TOUCH. Inside the XK lies an elegant, truly personal domain: contemporary, flawlessly trimmed, and equipped as the driver demands. Available soft-grain leather graces the seats, doors and console and feels as finished as it looks.1 Handcrafted satin-finish American Walnut and gloss Burl Walnut accents bespeak meticulous craftsmanship, and Aluminum trim imparts a sporting feel to the cockpit.2 Controls and electronics are proficient and precise. And all of this artistry is assured by a comprehensive Jaguar warranty and maintenance plan.

YOUR TO FASHION. XK styling, inside and out, makes an authoritative statement. But you don't have to stop there; you can refine the cachet of the car by adding lavish preferences. With the Luxury Package, special softgrain leather 16-way power seats, leather wrapped steering wheel and shift lever, and adjustable bolsters for instance, or the Aluminum Luxury Package with 20-in. Senta alloy wheels.4 Upgrades of consequence.

COMFORT. Unyielding comfort is part of XK's charm. The cabin boasts interior space that is unmatched in the class. When equipped with the Luxury Package, approximately 100 square feet of soft-grain leather wraps itself around the center console, doors, instrument panel, and deeply supportive 16-way driver and passenger seats. Its steering wheel is warmed and pleasant to handle. Door mirrors and steering column remember their settings as well.1 And exotic Burl Walnut or American Walnut accents—yours from which to choose—gratify the eye.

A DELIGHT FOR THE SENSES. In this car, even the atmosphere merits attention. A dual-zone Climate Control with a humidity sensor and an air quality sensor keeps your environment temperate. And a standard 525-watt, 8-speaker Alpine® Premium Sound system—the most powerful in its class—features Dolby Pro-Logic II surround and an in-dash 6-disc CD player and fills the cabin with music. If you don't like station seeking on long journeys, it even includes SIRIUS® Satellite Radio.

Under the hood is Jaguar's latest 4.2-liter, 32-valve, 4-cam aluminum AJ-V8, with cam phasing to stoke response at all speeds. the XKR, an Eaton supercharger is added, ramping horsepower to 420 and propelling the Coupe from 0-60 in 4.9 seconds.

Who can imagine an auto show without babes? As with any other car salon around the world, the 2008 Manila Auto Salon had its... female highlights at the exhibitor stands.

The girls are just as important as the cars and automakers have been placing sexy girls next to their products at auto shows for a long time. It's the same reason they put attractive faces on the covers of magazines like SLITZ. Why argue.

Sex appeal is used to sell just about anything for the simple reason that it works. And that is one thing you cannot argue with.

The lovely ladies included professional models, car chicks, race drivers, employees who just felt like strutting their stuff while discussing their products, even a few Mens Magazines hotties. It was quite a gathering this year. As with the vehicles, variety is the spice of life and beauty is truly in the eye of the beholder, so rather than subject these gals to your personal taste expressions, we are leaving comments off. Hope you will enjoy this treat.

BITTORRENT MADE EASY

Online file-sharing software, BitTorrent, has grown into a piracy problem the film industry is struggling to handle.

★ text_John Enar Karlssonj ★ graphics_Enar Karlsson ★

Firefox is the web browser of choice for many people, but unlike Opera, it can 't download .torrent files natively. With FireTorrent (www.fireaddons.com) you can now add BitTorrent support to Firefox. The add-on makes it possible to download .torrent files in the browser, and integrates BitTorrent downloads into the existing download manager.

FIRETORRENT BRINGS BITTORRENT TO FIREFOX: With FireTorrent (www.fireaddons.com), downloading torrents becomes as easy as downloading any other file inside your browser, no BitTorrent client (software) needed. The add-on is currently in Alpha testing, but already fully functional. What it do is simply convert any .torrent link you click on into a download, handled by Firefox just as if you were downloading a file directly. So if you want to grab something and imagine you'll be done with the download by the time you're out of your browser, FireTorrent fits the bill just fine. Firefox 3.0 or greater is required to get the add-on to work properly.

TORRENT NEWS SITES: **TORRENTFREAK** (www.torrentfreak.com) is a weblog dedicated to bringing the latest news about BitTorrent and everything that is closely related to this popular filesharing protocol.

FILESHAREFREAK (www.filesharefreak.com) - The file sharing headquarters for free file sharing Tips, Tricks and information. FileShareFreak offers free solutions, informative tips and expertise that otherwise can't be found anywhere else. If you can't find it here, it's not worth finding! The site cover almost every topic related to the propagation of copyrighted material throughout the Internet, while offering as much personal knowledge as you need.

TIRED OF DOWNLOADING FAKE OR VIRUS TORRENTS? CHECK OUT VERTOR - A MODERATED TORRENT SITE. You need to have your guard up when browsing through the vast selection of similar torrents at Mininova, TPB and others. Some torrents are password-protected; others contain malicious viruses, and there's even fake torrents. Even a new torrent that contains an impressive seed-peer list may look ripe for the taking, but even these offer no security. Finally, for the first time ever, there's a public tracker that actually checks & verifies their torrents before offering them for download. Introducing Vertor.com (www.vertor.com), a revolutionary next-gen BitTorrent site where every available torrent is checked for downloadability, viruses, DRM and passwords.

TOP 5 MOST POPULAR TORRENT SITES OF 2008:If you're looking for a particular file to download, you then might want to search for it. But be aware that things offered with BitTorrent tend to be short-lived. Any listing that's older than a few weeks is likely to be useless.

1). THE PIRATE BAY (www.thepiratebay.org) is the worlds largest bittorrent tracker. This is an open tracker, where anyone can download torrent files. To be able to upload torrent files, write comments and personal messages one must register at the site.

2). MININOVA www.mininova.org: is the biggest torrent search engine and directory on the net. Mininova provide an easy-to-use directory and search engine for all kinds of torrent files (You can her find anything for music, magazines, movies, software etc.). Visitors of Mininova can anonymously upload torrents, tracked by any BitTorrent tracker.

3). ISOHUNT www.isohunt.com: Despite being ensnared in legal proceedings with the MPAA and CRIA, isoHunt is continuing to grow. This year they partnered with the Creative Commons music distribution site Jamendo, and just like The Pirate Bay, isoHunt added SSL encryption to the site, making it impossible for your ISP or the authorities to monitor users' activities.

4). TORRENTZ (www.torrentz.com) one of the oldest torrent sites around, celebrated its 5th anniversary in July. The site added a "verified torrents" feature this year, and inspired many other meta-search engines to do the same. Last month a "hacker" caused some problems after it took over the torrentz domain, but luckily this issue was resolved in a few hours..

5). TORRENTREACTOR (www.torrentreactor.net) TorrentReactor redesigned and optimized the site throughout 2008, which resulted in a significant increase in visitors. In addition, the TorrentReactor launched TorrentPrivacy, a service that allows BitTorrent users to download torrents anonymously..

X). BitTorrent and porn go hand in hand, so to speak and **EMPORNIUM.US** (www.empornium.us) is the world's largest adult-material tracker, at one stage it had over a million members. To access this material you need to register.

BANANA

Bananas are a delicious and convenient package of nutrition

★ text_John Enar Karlsson ★ photography_JunJun Santiago ★ graphics_Enar Karlsson ★

The South Beach Diet is now advising consumers that they may add bananas during and after Phase 2 of the diet plan. Previously, bananas were listed on The South Beach Diet as a "food to avoid or eat rarely." The South Beach Diet has moved to include banana consumption because of the banana's nutrient density, "low" ranking on the glycemic index and "intermediate" contribution to glycemic load. Based on this "complete picture" and the beneficial impact that bananas can have on weight loss and heart-healthy dieting, The South Beach Diet has updated its plan to include banana nutrition for people trying to achieve and maintain a healthy weight.

Bananas are a delicious and convenient package of nutrition. A single, medium-size banana provides 16 percent of the recommended daily value for fiber, 15 percent of vitamin C, 20 percent of vitamin B6, and 11 percent of potassium. Add to these nutritional qualities the fact that bananas are naturally fat-free, sodium-free and cholesterol-free, and bananas become a great choice for healthy dieting.

"Banana nutrition makes a strong case for dieters," says Tim Debus, executive director of the International Banana Association. "Bananas are full of nutrients and they are fat-free. We commend The South Beach Diet for recognizing the role that bananas can play as a part of a healthy diet for weight loss."

The dietary fiber in bananas is especially useful for weight management. Fiber-containing foods tend to produce a feeling of fullness in the stomach,reducing hunger and helping you control the quantity of food you eat. Also, soluble fiber slows digestion and absorption of carbohydrates, which leads to a more steady release of natural energy. This explains why bananas are so popular for those people with active lifestyles or involved in sports.

Bananas contain more digestible carbohydrates than any other fruit. The advantage is that the body burns off calories from carbohydrates more quickly and easily than calories from protein or fat.

For more information on banana nutrition, including long-term health benefits of bananas involving high blood pressure and stroke, certain types of cancer and heart disease, please go to: www.eatmorebananas.com.

Care & Handling

* Bananas come in different stages of ripeness. Green bananas are very firm, but as they ripen the green color turns yellow.

* As bananas ripen, the starch in the fruit turns to sugar. Therefore, the riper the banana the sweeter it will taste.

* Green tipped bananas are best for cooking, such as in a side dish. Full yellow bananas are excellent for eating out of hand or adding to cereal or salads. And brown-specked bananas are best for baking in breads and cookies.

* Refrigeration slows down the ripening process. Conversely, warmer temperatures speed up the ripening of bananas.

* Bananas can be stored in the refrigerator until reaching the desired ripeness. Although the skin may turn dark, the fruit inside will be fresh and ripe.

* Bananas can be frozen once the banana is peeled and stored in a freezer bag. A touch of fresh lemon juice may help to reduce browning.

* If you want to ripen a banana quickly, put it in a brown paper bag with an apple or tomato overnight (out of direct sunlight). The two will work together to speed the ripening of each other.

* Dropping or squeezing bananas can cause bruising.

THE RED LIGHT DISTRICT

THINGS TO DO!

>> THE RED LIGHT DISTRICT

P. Burgos isn't really a good place for a decent tourist to be. It is the red light district of Makati City (kind like Soi Cowboy of Bangkok), and not a very clean area since the foot and vehicle traffic in that area is high. Its located a 5 minutes walk from Rockwell's PowerPlant mall. P. Burgos is an easy 30minutes drive from the Ninoy Aquino International Airport and the Manila Domestic Airport. Walking distance to various bars and restaurant along P. Burgos and Jupiter Street, within walking distance to the business and shopping area including the city's major hotels, banks, airlines offices and restaurant.

Ringside Bar, P Burgos Street, Makati, Metro Manila: This establishment features lady- & midget-boxing, oil wrestling & pillow fights, along with an annual Miss Bikini World contest. It's one of the 'attractions' in this red light area. I won't be attending anything there...

Jupiter street is more decent, and has great karaoke bars (the decent type, not like the ones along Burgos). Just walk up and down Jupiter St, and you'll find international restos and bars.

>> RIZAL PARK

The 58-hectare (143 acre) Rizal Park is named for Dr Jose Rizal, renowned Philippine anti-colonialist, writer and philosopher. The park is one of the largest in South East Asia, and is a green lung much used by the residents of Manila for recreation

>> JUMBO KINGDOM

One of Hongkong's tourists attractions now in Manila, the Jumbo Kingdom Floating Restaurant in Manila Bay.

>> TEAM MANILA LIFESTYLE

Team Manila Lifestyle store sell graphic-designed t-shirts, bags and accessories with inspiration by Filipino culture. Stores located in Mall of Asia and Rockwell.

>> THE CHINESE GARDEN

The Chinese Garden is located beside the Rizal Park in Luneta. Admission fee is five Pesos. The Manila Chinese Garden has seen better days, as its not that well maintained anymore.

>> ICE SKATING RINK

After almost 14 years of operations, SM Ice Skating Rink has established three rinks: SM Megamall, SM Southmall, SM Mall of Asia International Skating Rink. From a purely recreational perspective, SM is embarking to transform and develop highly-competitive skaters to world-class standards.

>> GREENBELT PARK

This is a pocket of peace and quiet in the very heart of Makati's busy Ayala Center. Bordered by the Ayala Museum on one side and a string of eateries on another, Greenbelt Park draws a mixture of office workers, young lovers and churchgoers.

>> AYALA MUSEUM

The museum showcases artefacts like trinkets, antique religious statues and clothing from the various cultures of the Philippines. It has also added a light and sound exhibit that recreates the EDSA Revolution that led to the fall of the Marcoses.

Submit Updates on Philipine Attractions to: update@slitzmag.com

>> CHINATOWN

This part of Binondo has been a Chinese enclave for centuries. Start your tour at Binondo Church, and from there head for the area bordered by Ongpin, Quentin Paredes and Gandara Streets. This area holds mooncakes and sweetmeats, lychees and oranges, strange medicines made from unmentionable animal parts, oodles of noodles, and yellow Chinese gold. You could do part of your tour in a calesa (horse-pulled rig), but settle the price first. Be sure to stop in and visit Bahay Tsinoy Museum, filled with history.

>> INTRAMUROS

The oldest part of Manila is the medieval Spanish walled enclave of Intramuros on the southern bank of the Pasig River, packed with historic buildings and churches, many of which are being or have been restored.

>> NATIONAL MUSEUM

The large and comprehensive National Museum of the Philippines preserves and showcases the cultural, historical and natural heritage of the islands with collections housed in two different buildings (within Rizal Park). Exhibits are categorised in five divisions: art, botany, zoology, geology and anthropology.

>> MALACAÑANG PALACE

The name of this Palace, now the seat of government and official residence of the Philippines head of state, comes from the vernacular 'May Lakan Diyan', which means 'there lives a noble man'.

>> AMERICAN CEMETARY

Providing a quiet spot to retreat from Manila's rat race, the American Cemetery near the Makati commercial centre is a welcome peaceful oasis, much visited by tourists, especially veterans of World War II.

>> TAAL VOLCANO AND LAKE

One of the most visited tourist spots in the Philippines, this geological phenomenon is actually a volcano within a lake within a volcano. Taal is the world's smallest volcano, but do not let appearances deceive you--it can be quite deadly when it erupts. A 45-minute ride on a banca (wooden boat) will take you to the volcano; a 15-minute trek will take you to the top of the crater. An older and larger volcano is an hour away, which requires the assistance of an experienced guide.

>> CORREGIDOR

This small island, shaped like a tadpole, has become a memorial and open-air museum commemorating the World War II stand of Filipino and American troops against the Japanese invaders. The island is the largest of several at the entrance to Manila Bay, laying off the tip of the Bataan Peninsula, about 26 miles from the city.

>> PALAWAN

The island of Palawan is an elongated stretch of thickly forested landscape bordered by coves, beaches, lagoons and limestone cliffs, stretching from southwest of Luzon towards Malaysia. The island's Tubbataha Reef is extremely ecologically important to the Philippines as a feeding ground and nursery for marine life, and the area is archaeologically important too. The main attraction on the island is the underground river, St Paul's Subterranean Cave near Sabang, about two hours by road from Puerto Princesa. The cave extends more than five miles (8km) and contains the world's longest underground river.

BIRTHDAY GIRL, COME AND GET IT!

This is one of my sexperiences that I will never forget… it was also my first time.

Last Aug 02, 2008 was my 22nd birthday. I really didn't have a big party then. I just had dinner with my family and some of my closest friends. However, I felt that it was kind of boring thing for my b day, so I asked my friends to go out and disco so we can dance like crazy!

And so we did. We danced and had couple of drinks and all of a sudden I received a text message. It was my ex-boyfriend! He was in the same disco and greet me a happy birthday and told me that I am looking sexy. I didn't realize until I turned my head and saw him sitting two tables away from me with his date. He came closer to me to greet me happy birthday, and went back to his table again.

The music then was so nice, so I asked my girlfriends to dance. I was wearing a short shorts and a sexy tight top and I danced really naughty 'cause I know that my ex was watching me. Me and my friends even went to the stage and shake our sexy asses on the floor! Then we got tired and decided to go back to our seat. I got a text message again from my ex and he said "You are making me horny that I just want to take you to the car and fuck you there!"

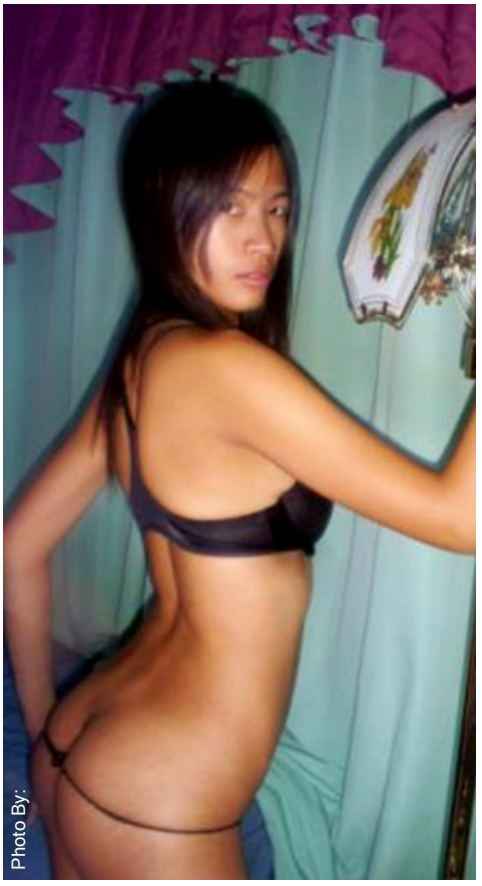

Photo By:

As I've receive that message, I looked at his way and bite my lips, that' s enough for him to understand that I am getting horny too. So I played like I'm ignoring him. He sent me another text message "I will go to the car and I will wait for you there." I got so teased, but I thought he wanted to just talk to me, or that he is just teasing me. I stood up and told my friends that I need to go to the ladies room.

Before I reach the ladies room, I saw my ex BF standing outside the men's room and he just grabbed me and took me inside the men's room. He walked me inside one of its cubicles, I was trying to stop him as I think he was joking, but then he paid the guard to the men's room to watch out for us. He locked the cubicle door and started to kiss me. It is too late for me to struggle and run outside and besides…. Damn! How could I say no, even though I was so freaking nervous to think that there's a lot of guys inside the men's room! So he kissed me and that made me hot while he's playing with my boobs, he push me against the wall and lift my top and suck on my hard nipples. Ohhh!!! I was so into it that I grabbed his head and press him closer to my tits. After then I opened his fly and suck him fast then he turned me around and bends me over the toilet tank. All the while there are guys knocking the door and wants to use the toilet. But we were doing it so quietly, but oh fuck that! That is the time I didn't care who see us fucking. So he bends me over and sticks his hard cock inside me. I was trying to stop myself from moaning, that feels soooo good! He pumps me hard, and harder till he cum inside me!

We put our clothes on quick and we started to get out. He went out first, then the guy who was waiting outside to use the toilet looked at me, I just smiled.

My ex bf came back to his seat first. And then I went back to my seat. My friends were wondering what takes me so long and why I look so sweaty (I forgot to re-touch myself, my hair are kind of messy!) but I just told them I went to pee and there is a long line of girls using the cr. My ex bf sent me yet another text, "wow! That was hot!" I replied with, "Yeah! My first time." I looked his way and saw his date so busy watching the band, she didn't even have an idea that she is not going to get laid later 'cause he fucked me already. I know so, 'cause next morning he sent me a text saying that he didn't fuck her.

So, the next day after that disco night, I came back there with other group of friends and the guard in the CR saw me but he just smiled at me. Then every time I go to that disco, I can't help but remember that night wishing it will happen again. What a nice birthday present!

Manila is by far one of my favorite places to party. Amazing nightclubs, world class entertainment, beautiful people and an energy that keeps you up till sunrise. Being that it is so popular, you can expect super long lines, very strick door policies and expensive covers and drinks. To help you navigate your nights we have here listed some VIP host connections to help you get past the long lines and into VIP at a fair price. Each decent club has a "VIP host". Their job is to secure a table, guestlist spot and bottle service for very important people such as anyone with money to spend, style and a good/fun crowd, eg. a group with good guy to girl ratio that is ready to party.
